Adding Nominees

An activated UAN also allows the employee to add and edit the nominees to their EPF account. The subscriber should first log in to the *UAN member portal* and select the "Profile" tab on their dashboard. Under the profile tab, the subscriber should select the "Edit Nomination Details" option. Clicking on this option redirects the subscriber to the nomination form. The form requires information such as the subscriber's personal and employment details. Since the subscriber already has these details registered with their UAN, this section is automatically filled out. The same page also has details about the subscriber's family members. These details can be updated and edited by the subscriber. The same section also has details about the subscriber's nominees. If the subscriber wishes to change the nominees for the EPF or wishes to add a new nominee(s).
